

WBYC Race Courses – revised 5/6/17

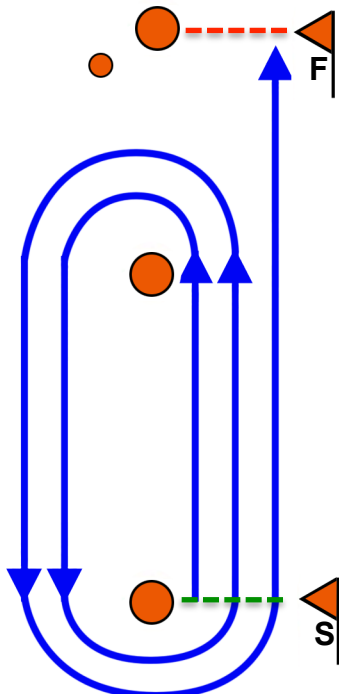

Course designations follow the standard W and L naming (W for windward finish and L for leeward finish) with M indicating a shorter, modified course for smaller boats. Numerals in a course designation indicate the number of times the boat passes that mark. For example a W4 means the boat passes the windward mark for the fourth time at the finish (would have been a W7 in 2016 and a W3-1/2 many many years ago). If there is an A next to the L or W, that means there is an offset by the windward mark. A lack of A means there is no offset. NOTE: A green mark may be used for course changes.

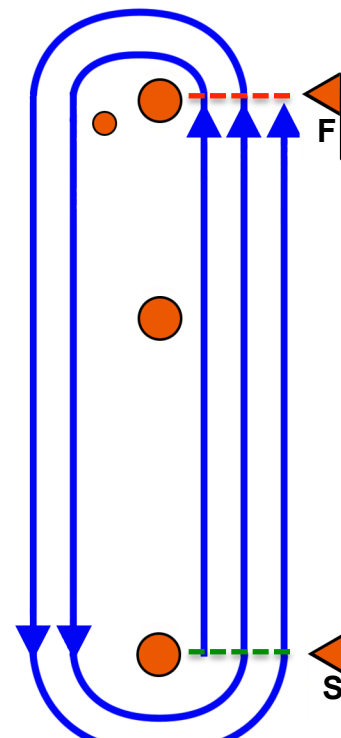

Course LM2

Course LA2

Course WM3

Course WA3

 = Orange Mark

 = Orange Offset Mark

 = Start/Finish Flag on RC
